DETAILED ACTION

1. Claims 1-76 are allowed.

Drawings

2. Drawings figures 1, 2, and 4-9 filed on December 15, 2003 and replacement drawing figures 3A-3C filed on November 15, 2006 are accepted by the Examiner.

REASONS FOR ALLOWANCE

3. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including "designating a plurality of file system locations, wherein each file system location is associated with zero or more file objects; and displaying a superset of the file objects associated with each of the designated file system locations in a single display on a display unit" as recited in independent claim 1 and similarly recited in independent claims 25, 49, and 65.

As per claim 40, the prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including "display, in the file-browser application, a superset of the file objects associated with each of the file system locations."

The remaining claims, 2-24, 26-39, 41-48, 50-64, and 66-76, are dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
